

# The Icelandic Centre

- *Íslenskt þekkingarsetur í tungutækni*
  - Icelandic Documentation Centre for Language Technology
- Organized under *Orðabók Háskólans*
  - (Institute of Lexicography, University of Iceland)
- Coordinator: Prof. Eiríkur Rögnvaldsson
  - Aðalsteinn Eyþórsson maintains the web site and runs the Centre from day to day

# Our Web Site

- <http://www.lexis.hi.is/isldok>
- Structure similar to the other Nordic sites
  - Information & Knowledge
  - Players & Teams
  - Resources & Tools
  - Communication & Interaction
- Languages: Icelandic, Danish, English

# Plans for the Next Year

- To make our web site more useful
  - by gathering relevant information and resources
  - by adding more content to the web pages
- To promote and publicize language technology
  - by writing articles in newspapers and journals
  - by active participation in conferences and seminars
  - by cooperating with the Icelandic LangTec project

# NoDaLiDa 2003

- The next NoDaLiDa will be organized by
  - the Icelandic Documentation Centre
  - the Institute of Linguistics, University of Iceland
  - the Icelandic Language Society
- The conference will be held in Reykjavík
  - Friday and Saturday, May 30-31, 2003
  - in conjunction with the NorFA general seminar
