

Presentation rubric for TÖL203F Algorithms, Logic, and Complexity

| Content | 4 | 3 | 2 | 1 |
|--------------------------|--|--|--|--|
| Subject Knowledge | Good coverage of material clearly related to subject presented. Points are clearly made and evidence is used to support claims | Sufficient information with many good points. Uneven balance and lacks consistency | Information presented is not clearly integrated or connected to the subject | Goal of presentation is unclear, information presented does not support conclusion |
| Organization | Information presented in a logical and interesting sequence which flows well | Information presented in logical sequence | Sometimes difficult to follow presentation. Jumps around and lacks clear transitions | Very difficult to follow. Sequence is unclear |
| Slides | Excellent slides that demonstrate well the material | Appropriate slides are used and explained by presenter | Slides are not well explained or put into context | Badly designed slides. Too much text or graphics difficult to understand |
| Delivery | Confident presentation without any mistakes | Presentation has a small number of mistakes | Presentation has a few mistakes and is unclear | Many errors and delivery is hesitant and insecure |
